2025 Sustainability & Social Impact Strategy

We are pleased to report excellent progress in 2022 on our 2025 Sustainability & Social Impact Strategy. Our continued commitment to building environmental and social consciousness into every decision earned us recognition in 2022 on the Dow Jones Sustainability Indices for the sixth consecutive year and as a U.S. EPA ENERGY STAR® Partner of the Year for the 12th consecutive year. We were also named to both the CDP Water A List and CDP Climate A List. In addition to the highlights below, more about our 2025 Sustainability & Social Impact Strategy progress is available in the Sustainability section of our website at www.colgatepalmolive.com/sustainability.

Driving Social Impact

We are committed to helping to ensure the wellbeing of all people and their pets, building a culture of inclusivity and creating meaningful opportunities for all people to succeed inside and outside Colgate.

Helping Millions Of Homes

We are empowering people to develop healthier habits by choosing sustainable products that improve their lives and homes from oral and personal care to home care and pet nutrition.

Preserving Our Environment

We are accelerating action on climate change and reducing our environmental footprint, including by working with our partners and operations to eliminate waste, decrease plastic usage, save water and conserve natural resources.

Colgate Bright Smiles, Bright Futures is our flagship oral health and wellbeing initiative. Since the program was established in 1991, we have reached over 1.6 billion children and their families in places that are convenient for them in more than 100 countries.

Since 2002, Hill’s Food, Shelter & Love program has provided more than $305 million in pet food to more than 1,000 pet shelters and helped more than 13 million pets find their new homes across North America.

Since introducing our first-of-its-kind recyclable toothpaste tube in 2019, as of December 31, 2022, we have transitioned over 40% of our toothpaste SKUs globally to recyclable tubes; and in India, in 2022, we launched Colgate RecyClean, our first 100% recycled plastic handle toothbrush with plant-based bristles.

As of December 31, 2022, we have achieved 32 TRUE Zero Waste certifications in 19 countries across five continents, more than any other company.
